

ROLLWAY®

11 
years

**History • Field experience • Cost reduction
Quality • Partnership • Development • Reliability
Maintenance optimization • Engineered solutions**

Our story started on trolley car #764 in Syracuse, New York

Ever since that first day, Rollway® ball and roller bearings have been a solid partner for companies that strive for operational excellence and cost reduction. Do you require a standard bearing from our broad product range or an engineered solution? Our global network of industry specialists, application engineers and distribution centers will give you peace of mind.

“Rollway” is a brand of Regal Beloit Corporation, a leading manufacturer of electric motors, electrical motion controls, power generation and power transmission products serving markets throughout the world.
